WHERE GREAT IDEAS GET STARTED.

Step into a new and inspiring meeting atmosphere with **CREATIVE SPACE**. Because no matter if you like your meetings standing, sitting or rocking back and forth, **CREATIVE SPACE** is the place where the future gets together.

Split your room in two and discuss all your innovative ideas behind sound absorbing curtains. Or let each workshop member take a relaxing break with the individually customizable multi-functional pouf.

Our unique high tables are also an absolute must: after all, they are the first ones in Europe that come with an adjustable sound absorbing barrier for absolute security.

The well-stocked snack bars offer participants coffee, as well as enough “food for thought”. And we only come when requested. That way, you’re sure not to be interrupted or distracted when brainstorming. Enjoy a new kind of meeting space that’s everything except ordinary. Enjoy **CREATIVE SPACE**.
